**NOTICE OF PENDING RELATED LITIGATION**

Dear Sir:

Pursuant to 37 CFR 1.56, 1.97 and 1.98, the attention of the Patent and Trademark Office is hereby directed to the references listed on the attached FORM PTO-1449. It is respectfully requested that the information be expressly considered during the prosecution of this application, and that the references be made of record therein and appear among the "References Cited" on any patent to issue therefrom.

In view of the recent Federal Circuit case, Nilssen, et al. v. Osram Sylvania, Inc., et al., submitted herewith are copies of complaints filed by Minerva Industries, Inc. ("Minerva"), the owner by assignment of the above-captioned application, Application Serial No. 10/773,606 ("the '606 application"). In the complaints, Minerva alleges infringement of U.S. Pat. No. 6,681,120 ("the '120 patent") and U.S. Pat. No. 7,321,783 ("the '783 patent"). Also submitted herewith is a copy of

Defendant Research In Motion Corporation's Answer, Affirmative Defenses, and Counterclaims. Minerva is the owner by assignment of the '120 and '783 patents. The '606 application is a continuation-in-part from the application leading to the '783 patent which, in turn, is a continuation of the '120 patent.

The Examiner is respectfully requested to consider the listed references.

Respectfully submitted,

Michelle C. Kim
